We try to hold stock of all active standard products however sometimes an item will be out of stock, if this is the case we will inform you. If not in stock standard saddles can take 8 weeks and custom saddles can take 12 weeks. This is because all our saddles and bridles are traditionally handmade. As such our delivery dates are estimates and are subject to availability. We shall not be liable for any losses, costs, damages, charges, or expenses caused by any delay for delivery of the goods.

## 4. Prices

Prices include VAT at 20% when it is applicable. Every effort will be made to maintain the prices shown on the Website. However, we reserve the right to discontinue any item from those shown and to amend prices when necessary.

Non-custom saddles come with a 14-day trial subject to conditions. Conditions: saddles must not be used in the rain, girths must have roller buckles, stirrup leathers must be attached under the saddle flaps for the duration of the trial period, and saddles must not be ridden with Wellington boots or rubber riding boots. Some leather boots with seams on the inside can also mark saddle flaps and should not be used. The saddle must be cared for in accordance with our guidelines, point 17 below.

If you put a holding deposit on a saddle to start a trial at a later date, that holding deposit is nonrefundable in the event of a refund. If you order a nonstandard saddle and we order it especially for you to try, there will be a £100.00 nonrefundable deposit, but you will have a 14-day trial. This applies to brown dressage saddles and black GP saddles.

If you cancel this contract, we will reimburse to you all payments received from you, excluding the costs of delivery & return postage. There is a fee (£15 used/£20 new) for trialling a saddle which contributes towards admin, packaging, handling and recleaning costs associated with the trial. This will be deducted from the refund due to you.

Taking into account a reasonable amount of use to sit in the saddle, costs incurred for damage, more than reasonable wear or cleaning are: saddle cleaning £10.00, washing dirty saddle covers £5.00, scratches, scores, dents, broken leather, marks from zips or riding boots £30-£200.00 depending on the degree of damage. The customer shall take all reasonable care to keep the saddle in good condition during the 'Trial Period', more information can be found here <https://www.ahsaddles.com/saddle-trials-and-associated-costs>

Please refer to our 'Notice of Right to Cancel' for further information.

## 6. Custom Saddles

To order a custom saddle we will require a non-refundable deposit of between £200.00 - £400.00 (depending on which saddle you are customising). Custom saddles do not have a trial period (or 14 day 'right to cancel') and are non-refundable unless they are found to be faulty. We do not accept cancellations for custom order items unless production of the item has not yet begun. Custom means having a saddle made with options not offered as standard on that saddle model, this includes saddles ordered in colours other than that as standard for a model (for example a black leather GP or brown leather Dressage saddle).

condition 15 and condition 16 below. The warranty is non-transferable and only applies to the person named on the sales invoice. This warranty does not apply to ex-demo and second-hand saddles. It is the responsibility of the buyer to satisfy themselves of the condition, price and warranty terms of their purchase. In the unlikely event of a warranty claim, AH Saddles Ltd shall decide, in its absolute discretion, to replace or repair the faulty item free of charge, provided that the buyer can provide proof of purchase and that AH Saddles Ltd has had an opportunity to accept the warranty claim as valid following examination and verification that the fault is genuine by an AH Saddles Ltd authorised person. ## 17. Saddle Maintenance Essential Guidelines

For daily care we recommend you clean your leather goods after each use by removing all dirt sweat and residue. All leather surfaces should have a specialist leather conditioner applied to them at regular intervals to return some of their natural fats and oils, and wax to weatherproof and lubricate the surfaces. We recommend you refer to our guide for saddle care; this link contains information on choice of conditioner, saddle storage, saddle panel maintenance, girth straps and care of AH leather accessories): <https://www.ahsaddles.com/saddle-care>.

## 18. Aftercare and Servicing

Your saddle will need to be checked regularly for fit and balance as explained at the time of purchase. It is your responsibility to contact us to arrange this. We recommend that a new saddle is checked after approximately 12 weeks, as the wool will settle to the horse's shape. All wool-flocked saddles should be completely re-flocked after 2 to 3 years of use, and should be checked once a year and when your horse changes shape. It is important to remember that horses can change shape dependant on age, time of year, changes in work, diet and even a change of home or rider can make a difference and yearly (or even 6 monthly checks) may not be enough. It is your responsibility to arrange and monitor the fit and balance of your saddle and to contact us when a saddle needs adjusting. We recommend you use an AH specialist saddle fitter for adjustment and/or re-flocking of your saddle as unauthorised adjustments will void your warranty. Contact details for AH Saddle Fitters can be found on our Saddle Fitting and Distributor web site page. All callout saddle checks re-flocking and adjustments are chargeable. Please check with your saddle fitter for their call out charges.
